

Look out for Grip

Is Here, There, Everywhere.

Today You are Well; Tomorrow You May be Ill; Next Day Death May Stare You in the Face. It is a Dangerous Disease. Prompt Attention is Imperative.

The great danger from LaGrippe is not so much in the severity of the acute attack, for comparatively few deaths occur from simple grip, but in the terrible after effects which so frequently follow it. When the nerves have been prostrated by the busy little grip germs and the whole system is in a relaxed and congested condition, it requires but little neglect or indiscretion to bring on bronchitis, pneumonia, or quick consumption. Fortify the system with Dr. Miles' Nervine and Grip will pass you by. But if you have it, or are suffering from its after effects, there is nothing that will help you so quickly and so surely back to health and strength as Dr. Miles' Nervine and Tonic.

Dr. H. G. Cordes, 44 Market St., Charleston, S. C., writes: "The after effects of the grip rendered me a weak nervous, prostrated invalid, and I became seriously alarmed. I tried numerous tonics, compounds and other remedies for the rebuilding of a shattered nervous system, but without benefit, until a friend advised Dr. Miles' Nervine and Tonic with the result that today I am a new being, full of vigor and strength, entirely restored to health and happiness by these wonderful remedies. I can heartily recommend them to everyone suffering general debility from any cause, knowing full well they will find in them new life, new hope, new health, and strength."

All druggists are authorized to sell Dr. Miles' Nervine on a guarantee that first bottle benefits or money refunded. Be sure you get Dr. Miles' Remedies. Take nothing else. Write us about your troubles and ailments and we will give you the honest advice of a trained specialist absolutely free. Book on hand and nerves set free. Dr. Miles Medical Co., Elkhart, Ind.

DOINGS AT MANILA

California Troops Abandon a Church, Which Is Afterwards Fired.

ENEMY IS CONCENTRATING

On the American's Right Flank and Preparations Have Been Made to Give Them a Warm Reception in Case of Attack—Heat Intense and Increasing Daily.

Manila, Feb. 20.—The California volunteers abandoned Guadalupe church yesterday morning, which was afterward set on fire, and retired to San Pedro Macati. The rebels still hold the country in the vicinity of Guadalupe, Pasig and Paterno, despite the efforts of the gunboats to dislodge them from the jungle on both sides of the river. The heat is intense and is increasing perceptibly daily. Under the present conditions it is impossible to provide shade for the troops in certain parts of the line, particularly McArthur's division. King's brigade is also exposed from San Pedro Macati to Culiculi, where it joins Owenshine's brigade.

Mr. Higgins, the manager of the Manila-Dagupan railroad, is believed to be safe at Bayambang, although no communication has been received from him since Feb. 9. He was then housed at Mr. Clarke's place, with his wife and family and about six other Englishmen, some of whom are accompanied by their wives. While it is unlikely that the natives of the locality will harm them, it is feared that others from distant provinces might wreak vengeance at their expense.

In view of the fact that the enemy were concentrating on the American right flank, preparations have been made to give them a warm reception in the event of attack. General Owenshine's line, consisting originally of the North Dakota volunteers, Fourteenth infantry and two troops of the Fourth cavalry, stretching from the beach at Camp Dewey to General King's right, was reinforced by two battalions of Oregon volunteers and three troops of the Fourth cavalry as infantry.

The Buffalo's searchlight discovering the rebels unusually active about last evening signalled the flagship for permission to fire upon them; and this being granted, bombarded the enemy's trenches for 20 minutes. The only effect of the fire was apparently to drive the rebels further inland.

Beyond a few ineffectual volleys from the trenches, which were returned with interest, the enemy made no demonstration, and all is quiet along the rest of the line. Scouts claim to have seen General Rio Del Pilar, who commanded the rebels at Paco, with his arm in a sling, directing the troops. General Montenegro, the insurgent commander-in-chief, is reported to be personally conducting the movements in front of General King's line at San Pedro Macati. The signal corps is arranging signals with the navy for future operations on the left. With the exception of the port on Iloilo trade with Philippine ports is still blocked.

COUNCIL AND MAYOR

Of San Juan Resign Because General Henry Threatened to Imprison Them. San Juan de Porto Rico, Feb. 20.—The mayor and a majority of the municipal council of San Juan have tendered their resignations.

A few days ago the question of killing cattle for municipal consumption was referred to General Guy V. Henry, governor general of Porto Rico, by consent of all the parties interested. After an investigation, General Henry issued an order regarding the matter, and the mayor and members of the council declared that they would resign before complying with the governor's decree.

General Henry, annoyed by their quarrelling and childish actions, told them that if they did not stop trifling and obey orders, he would have them imprisoned. A meeting of the council was held yesterday which resulted in the tendering of the resignations of the mayor and council on account of the alleged insult by the governor general and his partisan friends. The deposed liberals are said to be back of the trouble.

General Henry says he can govern the city better with new councilmen who will not oppose American methods. Considerable feeling has been excited by the incident.

SHERIDAN SAILS

With Nearly Two Thousand Troops For Manila.

New York, Feb. 20.—The United States army transport Sheridan pulled out from her pier in Brooklyn yesterday afternoon on her way to Manila by way of the Suez canal with 1,835 enlisted men and officers and their wives and families to the number of 90 persons. The Sheridan is considered the best appointed of the three army transports which have sailed from Brooklyn.

This latter expedition is commanded by Lieutenant Colonel Jacob H. Smith of the Twelfth United States infantry, all of which is on board. Four companies from the Seventeenth United States infantry and about 25 men left behind from the Sherman expedition complete the military complement. The vessel proper will be in charge of Quartermaster William Conning and Captain Higgins is assigned as navigator. Without accident the Sheridan is expected to reach Manila in about 50 days.

Major Wilson's Courtmartial.

Santiago de Cuba, Feb. 20.—Colonel Ray arrived from Guantanamo yesterday to confer with General Leonard Wood, and to arrange details for the departure of his regiment, the Third Immunes, next month. He appeared as a witness today in the trial by courtmartial of Major Edward Wilson on charges of forgery and embezzlement. The general opinion is that Major Wilson is out of his mind and does not realize his position. The evidence thus far given shows Wilson's offences to be greater than indicated by his confession.

SPANISH PAPER

Showing the United States Should Own Van Couver Island.

Seattle, Feb. 20.—The Post Intelligence publishes the facsimile of a Spanish document which shows that the Spaniards were in actual military possession of Van Couver Island between 1790 and 1792. It is stated that the document, if it had been in possession of Emperor William of Germany when he arbitrated the Canadian boundary between England and the United States, would have incontestably proven the right of the United States to Van Couver Island.

The document in question is a report of Pedro Alberni upon the condition of his forces on his return from Nootka sound to Mexico. It is dated Jan. 1, 1793. The original document which is now in Seattle was sold to a British citizen over 40 years ago and it has been withheld for personal reasons.

COMMISSION

To Consider Cuban and Porto Rican Affairs.

Washington, Feb. 20.—The commission named by the president to consider questions pertaining to the civil affairs in Cuba and Porto Rico is busily engaged in completing preparations to leave for the islands, the purpose being to sail late next week or early in the following week. Henry G. Curtis, a member of the commission, has not arrived yet from Iowa, but General Kennedy and Charles W. Watson, the other members, are proceeding with the work.

The chief questions before them are those of taxation, public schools, public highways and franchises for private enterprises.

No personality or realty taxes are being collected in either island, the former laws having been suspended.

With a view to preparing and recommending a desirable system for property taxation, the commission is making a complete compilation of the tax laws of the several states in the end that the best may be given Cuba and Porto Rico.

Papers Don't Like It. The appointment by the United States government of a colonial commission to regulate matters of vital importance to Cuba's political life and reconstruction is received with sharpened interest and what the Washington authorities will do next for "much governed Cuba" is given a great deal of consideration by the conservative Spanish and Cuban papers, who condemn the appointment of the commission.

Ethan Allen Hitchcock. Washington, Feb. 20.—Hon. Ethan Allen Hitchcock, who is to succeed Secretary Bliss at the head of the interior department, reached Washington from New York last evening. Secretary Bliss, who has been in New York, accompanied him. The new secretary called on President McKinley today and will assume the duties of his office whenever it is the pleasure of the president.

National Educational Association. Columbus, Feb. 20.—The department of superintendence of the National Educational association holds a three days' session here this week, opening tomorrow. Superintendent E. H. Mark of the Louisville schools, president of the department, has arrived in the city and says he expects fully 1,000 educators from all parts of the country to be in attendance.

Will Show a Big Deficit. Madrid, Feb. 20.—A high authority estimates that the next budget will show a deficit of 825,000,000 pesetas.

MANY SMALL RIOTS

Between Rival Factions Over the Election of France's New President.

PARTISANS OF M. LOUBET

Worsted in One of the Conflicts. Dreyfusites Smash the Windows of the Journal Bonapartists Hold a Meeting at Which Several Arrests are Made.

Paris, Feb. 20.—Police measures for the maintenance of order have been taken on an extensive scale, and the city is quiet.

M. Loubet, who was elected president last Saturday, did not quit his residence at the Luxembourg until 6 o'clock last evening.

A demonstration occurred last night in front of the office of Sebastian Faure's anarchist paper, The Journal Du Peuple on the boulevard Montmartre, for and against Loubet.

There was a collision between the rival factions and several persons were injured. The partisans of the newly-elected president were worsted in the conflict and moved off to the Cafe Brebant, where they were again attacked and dispersed by their opponents. Many arrests were made.

Similar encounters occurred at the offices of the Libre Parole, and more serious disorders at the Brazzerie Mexicana, on the Boulevard Montmartre, where several people were trampled upon and injured.

A fracas also took place at the Cafe des Panoramis, where blows were freely exchanged. In both cases the police intervened energetically, arresting many.

At midnight last night crowds broke the windows of the Rothschilds offices, in the Rue Laflite, and another group wrecked the offices of the Anti-Juif.

M. Dupuy, the premier, has asked the chamber of deputies to vote 25,400 for the obsequies to M. Faure. This was the amount voted for President Carnot's funeral. President Loubet following the precedent set by President Casimir-Perier, will attend the obsequies.

M. Loubet will preside at the first cabinet council of the new administration tomorrow.

In the course of a demonstration the Dreyfusards attempted to invade the offices of the Petite Journal. Finding the doors barred against them they smashed the windows.

At the Hall of a Thousand Columns 700 Bonapartists met to protest against the election of M. Loubet. Speeches were made by Baron Le Comte, M. Basies and M. Cunéo D'Granno. Several persons who interrupted the proceedings were ejected. When the meeting broke up there were some slight disorders and several arrests were made.

On the advice of medical attendants the remains of M. Faure were placed in the coffin yesterday in the presence of M. Dupuy. During the afternoon crowds filed past the bier.

Madame Faure continues to receive telegrams of condolence from rulers in all parts of the world.

M. Loubet is receiving a host of congratulatory telegrams. The Temps rejoices in his election as "the best possible choice." The Journal Des Debats, which is more guarded, will wait to see him actually at work. The Liberte exhorts him to relieve the impression that he was elected in the interests of Dreyfus.

M. Loubet Surprised. Paris, Feb. 20.—According to The Figaro President Loubet is surprised at the hostility of which he is the object and has said: "No one has the right to say that I am a Dreyfusist or an anti-Dreyfusist. I am, with a majority of the nation for truth, supported by justice."

Sense of Relief. London, Feb. 20.—Telegrams from European capitals and the comments of the press express a sense of relief that the crisis in France has been safely passed and generally approve the result of the election and welcome M. Loubet to the chief magistracy of France.

MRS. CHANDLER DEAD

Wife of Late Senator Chandler of Michigan.

Detroit, Feb. 20.—Mrs. Zachariah Chandler, widow of the famous Michigan statesman, died yesterday afternoon. She had been a sufferer for several months from various infirmities incident to old age, to which she finally succumbed. Mrs. Chandler's maiden name was Letitia Douglas. She was a native of Baltimore, but previous to her marriage lived in New York. During Senator Chandler's career in Washington, where she was noted as a social entertainer. Much of her time in later years was spent at Ellsworth, Me., with her only child, who is the wife of Senator Eugene Hale of Maine. Mrs. Chandler was of gentle and kindly disposition and much beloved.

Cigarettes For Manila.

Tacoma, Feb. 20.—The steamer Olympia, about to sail from Tacoma for Manila, has an unusual part cargo in the form of 350,000 American made cigarettes. The paper used in the wrappers came from China. At Manila there is all kinds of tobacco and all kinds of cigarettes—except American.

BIG SUBSIDY

Mexico Will Give a Bonus For a Railroad Across the Sierra Madre.

El Paso, Tex., Feb. 20.—It is authoritatively announced at Ciudad Juarez, Chihuahua, that the Mexican government has decided to offer a big subsidy for the construction of a railroad across the backbone of the Sierra Madre range from Chihuahua, in the state of Chihuahua, to Huixtla in the Sonora line. This line will save from four to five weeks' time in getting troops across the mountains, and incidentally prove a great blessing to American prospectors who have located large deposits of precious minerals. The Rio Grande, Sierra Madre and Pacific is to be extended from Casas Grandes to Chihuahua during the summer.

REPORTER'S LUCK

Was Shantaged and Becomes Assistant King in a Pacific Island.

Tacoma, Feb. 20.—The captain of the American bark Gerard C. Tobey, now in this port, tells a strange tale of a reporter for the Boston Journal who was shantaged and put aboard his ship while intoxicated, at New York. At Shanghai he deserted, but upon arrival at Hong Kong the captain was surprised to find he had preceded him there. King O'Keefe, the absolute ruler of the island of Yap and other islands believed to belong to the Caroline group, had taken a fancy to him and had made the Boston journalist assistant king and subruler of the next most important island.

BRICE HOME ROBBED

It Was Supposed to Contain Valuables Shipped From New York.

Lima, O., Feb. 20.—Saturday night thieves ransacked the residence of the late Calvin S. Brice in this city, to which it was supposed many valuables had been shipped from the Brice residence in New York. Mrs. Melly, mother of Mrs. Brice, who occupied the home here, is visiting her daughter at Goshen, Ind., and Mrs. Brice is in New York, so that the amount of goods stolen is not known. Much damage was done to the furnishings of the house by the thieves.

Tremendous Snow Slide.

Telluride, Colo., Feb. 20.—A tremendous snow slide came down the slide of Yellow mountain about one-quarter of a mile below the town of Ophir yesterday afternoon and killed one man and practically destroyed the Caribon concentrating plant. The slide was plainly visible from the town of Ophir, and those who saw it say it was the largest they ever witnessed, it apparently being about 100 feet deep and more than a quarter of a mile wide. The mill was crushed like an eggshell.

Anti-Sunday Labor Meeting.

Pittsburg, Feb. 20.—A joint meeting of the Amalgamated Association of Iron and Steel Workers and the federation of churches was held in the Bijou theater yesterday afternoon for the purpose of starting the agitation for the abolition of Sunday work in the mills. On the platform were many of the leading clergymen of the federation and officers of the association. Dr. W. C. Webb of Philadelphia made the principal address, contending that it was the duty of the state to secure to every man his right to a weekly day of rest.

Trial of Torpedoboot Fox.

Portland, Ore., Feb. 20.—The torpedoboot Fox, built by the Wolff & Zwickler iron works of this city, was given her official trial trip on the Columbia river. The trial proved successful in every particular, the Fox making an average of 23.13 knots for two hours and the propellers turning 381 revolutions, 11 more than required by contract. The contract required the Fox to make 22½ knots per hour, and she exceeded this requirement on her first trial by .63 knots.

Wealthy Miner Dies.

Galena, Kan., Feb. 20.—J. S. Graham, a wealthy miner, died here yesterday after a brief illness. Although he had amassed a fortune in the lead mines in this vicinity, Graham never revealed his antecedents. As far as can be learned, Graham came here five years ago from Colorado, where he owned an interest in the Silver Plume mine and had been in the lumber business.

Luther Chapin Dead.

Philadelphia, Feb. 20.—Luther Chapin, founder of the Senior Order of United American Mechanics, died yesterday at his home in this city. He was 88 years old. His death was due to general debility. His organization of the first lodge followed the native American riots of 1844. He was the first state councillor of Pennsylvania and the first national councillor of the order.

The Berlin Arrives.

New York, Feb. 20.—The United States transport Berlin arrived yesterday from San Juan and Ponce, via Santiago, Feb. 18. She brought 97 discharged soldiers and passengers. Among the latter were Major General Montrose Graham and Major.

TICKS FROM THE WIRES.

Twenty-one persons were killed in a railroad collision near Foret, Belgium. Miss Sallie Potter, said to be the oldest woman in Illinois, is dead at Urbana. She was born in 1797.

Ian McLaren (Rev. John Watson) has arrived in New York from England on another lecture tour.

Paddy Shea has been convicted of murder for killing Ed Dewson, a noted crook.

The Great Northern eastbound flyer was wrecked near Spokane, Wash. The engineer, fireman and express messenger were badly injured.

James Lacey, just released from jail for robbing the saloon of James Albi at Spokane, entered the gambling rooms of the Cour d'Alen, when Albi shot him dead.

Ground has been broken at Cincinnati for the great International Sengerfest building. The centennial of this great organization will be celebrated in that city next June.

FOUR PEOPLE

Found Dead in a House in Philadelphia and Gas Escaping.

Philadelphia, Feb. 20.—Mrs. Charles Fahrenkamp, aged 33 years, her two children, Florence and William, aged respectively 10 and 9 years, and an unknown woman, aged about 35 years, were found dead yesterday in a room in Mrs. Fahrenkamp's home in this city. The gas was turned on and life had apparently been extinct for several days. Scattered about the first floor were remnants of cigars and cigarettes and empty beer and empty whisky bottles.

Mrs. Fahrenkamp was lying on the floor and her daughter near by. The unknown woman and the boy were in bed. The last heard from the inmates of the house was on Thursday night, when the piano was kept playing until a late hour. Mrs. Fahrenkamp's husband, who is a traveling salesman, left home about a week ago on business for his firm.

ILLINOIS LEGISLATURE

Both Houses Will Celebrate Washington's Birthday.

Springfield, Ills., Feb. 20.—The ensuing week in the legislature seems likely to be devoted to appropriation bills. There is some doubt as to whether or not there will be a session of the two houses on Wednesday. Heretofore the almost invariable rule has been to observe Washington's birthday by holding no session. This year the day comes in the middle of the week, and if no session is held the week's work will be seriously interfered with. Both houses are likely to adjourn Tuesday over to Thursday morning. Preparations have been made for appropriate exercises in honor of the father of his country. These will be held in Representatives' hall Wednesday evening under the auspices of a joint committee of the two houses.

It will probably be three weeks before the subject of congressional reapportionment will be taken up by the apportionment committee of the house. The bill which some of the members have been preparing has not yet been completed. It may be introduced next week, but it will be nothing more than a basis for the construction of the measure which will become a law. The congressional apportionment committee will not take up the task until after the adjournment of congress. Then it is expected that the Illinois congressmen will come here in person to aid in the drafting of a measure which will be satisfactory to all of them.

RIOT AT A THEATER

Patrons Break Chairs, Smash Chandeliers and Tear Up Carpets.

Chicago, Feb. 19.—A riot, in which 2,000 men, women and children took part, occurred yesterday afternoon at the Star theater, and before the police arrived the interior of the theater had been badly damaged. Scenery which was to have been used in the presentation of a play had been tied up by legal proceedings, and after the audience had waited until 4:30 p. m. for the curtain to go up, many began to clamor for the return of their money. They were refused at the box office and two minutes afterward chairs were broken in pieces and hurled at the stage, chandeliers were broken, carpets were torn up and the theater and sidewalk outside was one mass of fighting, yelling humanity. The clanging of the patrol wagon bells scattered the crowd in a hurry, however. Later in the afternoon the money was refunded to those who presented their coupons.

NEBRASKA WHEAT.

Crop Seriously Damaged By the Recent Cold Snap.

Omaha, Feb. 20.—Advices to The Bee from its regular correspondents in northern Nebraska indicate that the winter wheat crop has been badly damaged by the recent cold snap. Those who have examined the fields say that if there had been even a light covering of snow the germ could have withstood the extreme cold. As it was, however, the ground was bare nearly all over the state at the time the severe weather came on and the result is that in many localities the crop will be a total failure, while in others it will be very light. Dodge county reports the most severe damage.

Locked His Jailer In.

Hardin, Ill., Feb. 20.—Otis Altizer, who has been confined in jail here the past three weeks, released himself by turning the keys on the jailer, B. F. Wilkinson. The latter had entered the steel cage for some purpose and left the prisoner sitting in the corridor writing. No sooner had the jailer got inside the cage than Altizer leaped to his feet, closed the door on Wilkinson, and escaped through the main door, which had been left open by the jailer. Altizer was under a charge of assault to kill.

MONDAY, FEBRUARY 20, 1899

Two weeks of the legislative session yet remain and some of the most important business is unfinished.

BYAN does not seem to believe much in the capacity of the American people, but he does great credit to the Philippines.

THE REPUBLICAN can not understand why so many county officers in Indiana who were elected by the people and who were pledged by platform declarations to serve and protect the interests of the taxpayers, are contributing to a corruption fund to defeat important legislation so much desired by the masses of the people. Since the county reform measure does not lower county officers' salaries and makes their burdens no greater why are they so concerned?

SENATOR LAMBERT's bill for the location of a hospital for the incurable insane at Columbus is in a fair way to become a law, although the real test has not come in the House yet. Much of the opposition to the bill comes from those who fear that the location of a new institution will interfere with the large appropriations asked for by the institutions already established. Such antagonism is not based on argument at all. The only question to be settled is whether or not such an institution is needed. And this question is answered by the State Board of Charities in the affirmative. Some would build additions to the insane hospitals already established, but in the end they would be more expensive and more unsatisfactory than to build a new one.

William Krenning and son William prosperous farmers of White Creek, today brought a big lot of poultry, butter, eggs and produce here and sold it readily.

VACATION.

The following poem was composed by Miss Avahelle White, daughter of Mr. and Mrs. J. O. White, of this city, and published in the Summitville Wave:

On Monday, when the day is fair,
I go to have a Christmas tree;
For Santa Claus will not deceive
Us, on a visit Monday eve.

On Tuesday, if it rains or snows,
I'll stay at home or freeze my nose;
These winter days give us the blues,
While lots of smoke goes up the flues.

On Wednesday I at home will be,
And wish my classmates there to see,
For by this time our minds, you see,
Will be turning back to school and thee.

On Thursday I abroad may go
To see the folks at let them know
The war is over peace has come,
And Sampson's home and victory won.

On Friday then the dust will fly,
For I must work, although I cry,
Now that I have seen my friends
And purchased all the odds and ends;

For real old Christmas time
We'll have once more in 'ninety-nine.

On Saturday I to shop may go,
For New Year's comes in soon you know,
And we must ready for the New Year be
Up with the lark and busy as a bee

On Sunday, of all the days the best,
Which God gave to us for rest;
On this day comes the glad New Year;
We hope for all with joy and cheer.

With book and pencil let us try
To do the work of 'ninety-nine.

An Honest Medicine for Coughs

George W. Wait of South Gardner, Me., says: "I have had the worst cough, cold chills, and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one 50-cent bottle and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by C. W. Milhous.

Sunday Morning Fire.

About 8 o'clock Sunday morning the fire department was called out by the alarm of fire in the one story frame house on Fourth street near Indianapolis avenue, the property of Joseph Kling. The bucket brigade had the fire under control before the department arrived making it unnecessary to connect the hose. A defective flue was the cause. Damage about \$50 William Cox occupied the house.

RAILROAD RUMBLINGS.

Fireman George Stewart is firing on the Louisville branch this week.

Bridge carpenter Charles Husted, of the Southern Indiana visited at Scottsburg Sunday.

The Seymour bridge carpenters of the Southern Indiana last night loaded several cars of piling 45 feet long at Westport to be used at Bedford.

H. G. Mulligan, J. W. White, of the Southern Indiana, went today to Oden and J. W. Brown went to Bedford to resume their position at laying track on the line.

Literary Preferences of Clergymen.

"A contributor to a contemporary clerical journal records an interesting fact as to the literary preferences of the clergy," says Literature, published by Harper & Brothers. "The writer had occasion to inquire of many clergymen as to what classes of books they were willing to review for a periodical with which he was connected. Eleven out of fifty-seven expressed a desire for novels, and one announced that he was willing to deal with devotional literature. Six of the reverend gentlemen wished works on accurate theology—whatever that may be."

His Life was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung troubles. Regular sizes 50 cents and \$1. Trial bottles free at W. F. Peter's drug store; every bottle guaranteed.

CORTLAND CHURCH DEDICATED.

A New House of Worship for Cortland and Vicinity.

The new Union church at Cortland was dedicated Sunday and the house was packed at the morning, afternoon and night services. Rev. L. L. Carpenter, of Wabash, preached in the forenoon and called for subscriptions and cash donations to meet the unpaid balance on the new building. The responses were liberal and several hundred dollars were subscribed. In the afternoon he completed this work raising in all nearly \$600, enough to pay off all obligations and have the church free of debt. Rev. Carpenter preached to a large congregation at night. Other ministers present and taking part in the services were Elder Thos. Jones and Elder Veach, of Seymour, Rev. J. L. Shroyer, of the Seymour M. E. circuit and Rev. Joseph Gruber, of Redding. A large number of Seymour people were present. At the noon hour a sumptuous dinner was served in the hall by the people of Cortland and vicinity.

This new church is a union church and was built by members of the Methodist, Christian and Baptist denominations.

For Clever Calculation!

The table below is made up from the official records of the local weather bureau and give the aggregate rainfall for each month from December 1, 1887 to February 1, 1899. The questions that follow are designed to bring about some interest and profitable calculation. Let the pupils of the school, especially, study these figures, then work out the answers to the questions that follow.

What is meant by an inch of rainfall? How many gallons to each acre of land does the aggregate given in the table equal?

1. To the first pupil in any grade in the city schools who, unaided, makes the calculation, and submits a correct answer to the latter question, the Weather Observer will give a handsome prize.

2. To the youngest pupil in the city schools who unaided, first submits a correct answer to the same question, the Weather Observer will also give a handsome present.

3. To any pupil in the city schools who, unaided, first calculates and submits the weight of this total amount of rainfall from December 1, 1897, to February 1, 1899, on each square foot, the REPUBLICAN will give a large volume of Tennyson's poems.

Make your solutions neat, plain and as concise as possible and in your own hand writing. Enclose and seal the same in an envelope addressed "Weather," and bring to the REPUBLICAN office, where the day and hour of filing will be marked on the outside.

Competition now opens to close at noon, February 24.

Geography For Women.

The introduction to Parkenton's "Modern Atlas," published in 1815, has a reference to "the sex" which ought to be very interesting to our modern college girl. The learned author says: Geography is a study so universally instructive and pleasing that it has for nearly a century been taught even to females, whose pursuits are foreign from serious researches. In the trivial conversation of the social circle, in the daily avidity of the occurrences of the times, pregnant indeed above all others with rapid and important changes that affect the very existence of states and empires, geography has become a habitual resource to the elegant female, as well as the profound philosopher.

Stopping a Big Steamship. To stop the Etruria, whose displacement is 9,680 tons, horsepower 14,831 and speed 20.18 knots an hour, 2 minutes and 47 seconds are required, and during the process of stopping the ship will force ahead 2,464 feet, or nearly half a mile. The United States cruiser Columbia, with a displacement of 7,350 tons, 17,991 horsepower and a speed of 22.8 knots an hour, can be stopped in 2 minutes and 15 seconds and within a space of 2,147 feet. In each case the vessel is supposed to be going at full speed and the stoppage produced by reversing the action of the propeller.

Dumas' Quick Wit. Dumas found a man asleep in the Theatre Francaise during the playing of a piece by his friend Sonnet. "You see that?" said he, "that's your work." "Do you refer to that man?" replied Dumas. "Why, that's the man who was there last night. He's not awake yet!"—San Francisco News Letter.

Irving Didn't Read. Sir Henry Irving appeared at the Theatre Royal, Edinburgh, in 1867, and two years later he went to Lindlithgow to give a reading there. He was delighted to see his name in big letters on the posters on arriving in the town. He went to the hall, but there was no crowd there—in fact, the caretaker had not arrived, having forgotten all about the reading. Irving went in search of him, and things were got ready; 8:30 o'clock arrived, but no one came to the hall—not even a small boy. In recalling the incident Sir Henry was wont to say, "I never slept better than I did that night."

Three Hundred Killed. Pekin, Feb. 20.—A serious encounter has taken place between the Russians and Chinese at Talienvan, 300 of the latter being killed. It is said to have originated in a question of taxes.

"For Valor." A little story that appeared not long ago in a Spanish comic paper is sent to us by correspondent to show how Spaniards thought of their navy before the present events. A Spanish admiral touching at some foreign port in the natural course of events calls on the governor of the local port, and on the return call the governor sees the one little gun of the Spanish man-of-war run out to fire a return salute, but at the critical moment the Spanish admiral rushes up and throws the gun, carriage and all, into the sea.

"What!" exclaims the distinguished visitor. "Why do you throw your government's guns overboard?" "Because," replies the admiral, "if the gun had gone off, it would have blown this whole ship to pieces! That means another decoration for me!" "How's that?" "For my courage in saving this ship from destruction."—London News.

Time's Changes. In 1830 Goethe wrote to a friend that it seemed almost inconceivable that now that the Gothard wagon road had been opened it was possible to go from Frankfurt to Milan in a single week. It is now done in a day.

A Story of Sterility, SUFFERING AND RELIEF.

[LETTER TO MRS. PINKHAM No. 69,185]

"DEAR MRS. PINKHAM—Two years ago I began having such dull, heavy dragging pains in my back, my menses were profuse and painful, and was troubled with leucorrhoea. I took patent medicines and consulted a physician, but received no benefit and could not become pregnant. Seeing one of your books, I wrote to you telling you my troubles and asking for advice. You answered my letter promptly and I followed the directions faithfully, and derived so much benefit that I cannot praise Lydia E. Pinkham's Vegetable Compound enough. I now find myself pregnant and have begun its use again. I cannot praise it enough."—MRS. CORA GILSON, YATES, MANISTEE, MICH.

"Your Medicine Worked Wonders." "I had been sick ever since my marriage, seven years ago; have given birth to four children, and had two miscarriages. I had falling of womb, leucorrhoea, pains in back and legs; dyspepsia and a nervous trembling of the stomach. Now I have none of these troubles and can enjoy my life. Your medicine has worked wonders for me."—MRS. S. BARNHART, NEW CASTLE, PA.

THE AMERICAN MONTHLY REVIEW OF REVIEWS

It is impossible to promise particular features that will appear in the "AMERICAN MONTHLY" during the coming year, for it is, as the Bookman says, "a great monthly newspaper." As such, it prints for its readers an illustrated account of the notable things which make the history of the month, of the political, the economic, and literary happenings which are of value to intelligent men and women. The Editor's "Progress of the World" tells succinctly an illustrated story of the month. The "Leading Articles" give the best thought and information of the current magazines in five continents; the contributed articles furnish the character sketches of the man of the month, and give timely discussions by authorities on any question of immediate serious import.

The result of this comprehensive effort to edit in one monthly volume the information needed by intelligent people of "live" instincts is best gauged in the opinions which the readers of the AMERICAN MONTHLY have seen fit to express. These are thinking business men, clergymen, editors, lawyers, professors, engineers, the wide-awake women of America. They write that the AMERICAN MONTHLY "is indispensable"; "is simply invaluable"; "is a generous library in itself"; "is a historical cyclopedia of the world"; "the best means of aid for a busy man"; "the best periodical of the kind we have ever had"; "a triumph of editorial genius"; "the world under a field-glass," etc., etc.

Attempted Safe Cracking.

Saturday night some one got into Cox's Pharmacy by forcing a transom open over the rear door and made an attempt to open the safe. He succeeded in breaking a piece off of one of the hinges but that was all the damage done. He was evidently in there to do more than that, and was doubtless dic-tated to accomplish so little. Mr. Cox has missed nothing from the store yet.

DIED.

CARTER—Hardin Carter died at his home, four miles southeast of Vernon Saturday evening, in his eighty-third year. The deceased was born in Clark county in 1816, and was one of thirteen children of Job and Gincy Carter. For many years he was a resident of this city, doing a successful grocery business. He served in the city council for some time and was a capable official. Several years ago he purchased a farm in Jennings county where he made his home until his death.

One son, Dr. James Carter, of Texas, and two brothers, Peter L., of Seymour, and Sanford A., of Terre Haute and one sister, Mrs. Elizabeth Keller, of Seymour, survive him. Travis and Paschal Carter, of this city, were cousins of his.

The remains arrived here on No. 1 today and the funeral was conducted at the First Baptist church this after-noon at 2 o'clock by Rev. J. W. Clev-enger, and was largely attended by re-latives and friends. The bereaved re-latives have the sympathy of the com-munity.

DURHAM—Miss Alvira Durham, an es-teeemed Christian lady for many years a resident of Vallonia, but who has for a good while resided at Greeley, Col., died February 5, of grip, aged about 84 years. Deceased was a sister of the late Harri-son Durham and was well known in this county.

SPARKS—Mrs. Nancy Sparks, age six-ty-seven, died at her home in East Co-lumbus Saturday. Burial at Riverview Monday.

Press Meeting Postponed.

The meeting of the Southern Indiana Press Association which was to have been held here March 2, has been post-poned to a date three or four weeks later to better accommodate the mem-bership of the association generally. A later date suits Seymour just as well, in fact better. The exact date will be announced later.

Repairing a Trestle.

A high trestle on the Southern Ind-ians this way from Bedford got out of line Sunday and became unsafe for trains to pass over. The bridge gang and a large force of helpers were at once put to work to make the needed repairs so that trains can pass over. In the meantime passengers and bag-gage are transferred across the weakened trestle.

There is more Catarrh in this sec-tion of the country than all other dis-eases put together and until the last few years was supposed to be incur-able. For a great many years doctors pronounced it a local disease, and pre-scribed local remedies, and by con-stantly failing to cure with local treat-ment, pronounced it incurable. Science has proven catarrh to be a constitu-tional disease, and therefore requires constitutional treatment. Hall's Cat-arrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts direct-ly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case fails to cure. Send for circulars and testimonials.

HEALTH ORDER NO. 15.

Take Precautions Against the Spread of Small Pox.

Small-pox is spreading throughout the world to an extent not equaled since 1893. There are hundreds of cases in the sur-rounding states, the disease now exists in eight counties in Indiana, and there are many centers of infection. There are also, very probably, many concealed and unrecognized cases. No county can rea-sonably expect to remain free from this loathsome disease as vaccination, our only sure protection, has been sadly neglected for a decade or more. The State Board, therefore recommends vaccination and revaccination. Health officers shall pub-lish this recommendation to the people and add their own advice to the same effect. Glycerinated lymph only should be used for vaccinating and the operation done in an aseptic manner. No un-ward results will follow if this course is taken.

If small-pox appears, isolation, quar-antine and vaccination of the afflicted and the exposed shall immediately fol-low. Guards shall be employed to main-tain quarantine, and outside of cities and incorporated towns, township trustees shall furnish the needed supplies. Dom-estic quarantine should not be depend-ed upon in cities and towns.

By order of the State Board of Health.

DR. H. JAMESON, Pres.

DR. J. H. HURTY, Sec'y.

Indianapolis, Feb'y 16, 1899.

I hereby recommend the strict observ-ance of the foregoing and solicit the co-operation of the several local Health Boards and physicians of this county. It is hereby made the duty of the several township trustees to furnish proper vac-cinating material.

Robbed the Grave.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow eyes sunken, tongue coated, pain continually in back and sides, no appetite gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man, I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts per bottle at W. F. Peter's drug store.

RAILROAD RUMBLINGS.

A Common Danger.

If you ever had a cold which you permitted to "wear away" it may interest you to know it was a dangerous proceeding. Every cold and cough which is neglected paves the way for consumption, bronchitis, asthma or catarrh. Otto's Cure, the famous German throat and lung remedy, will cure any cough or cold and save you from consumption. Sold by all druggists. Prices 25c and 50c per bottle.

Grain-O Brings Relief.

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, affects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise, 15 and 25c. per package.

Ladies Can Wear Shoes

DO NOT GET THE WRONG IMPRESSION

Read This Carefully.

Do not get the wrong impression of proprietary medicines. Because you have been cheated by buying them in the past, you must not think that they are all alike, for they are not. There are many preparations on the market that equal or exceed anything that physicians have prescribed. There are some, however, that are frauds, and the manufacturers should be punished for deceiving innocent purchasers. However, because you have been deceived in the past, is no reason why you should look upon every manufacturer as dishonest. Morrow's Kid-ne-oids are purely and wholly a scientific preparation and have been severely tested. They are not some mixup or decoction by those who know nothing of drugs and their strength nor by some grand old auntie who took a handful of this and a pinch of that and boiled it up and soaked it in whisky and called it a great cure. Morrow's Kid-ne-oids are carefully made of the purest drugs and compounds to be had. Then they are placed in small wood boxes so there is no danger of breakage in carrying or shipping. They are made into small Yellow Tablets (not pills) which make them easy to take, without stopping in the throat. They cure the worst forms of kidney disease if persistently using the medicine is followed. We guarantee this with a money offer of Fifty Dollars for a case we cannot cure, where the directions are strictly followed. We have had hundreds upon hundreds of statements for publication that are given in this state alone. Those statements should inspire confidence in the most skeptical, for people do not give their names to be used at home unless they are true. "For the sake of suffering humanity," Alonzo Knowles of Depot and Third streets, Madison, Ind., who is fireman in the Towel Manufacturing Co.'s Cooper Shop, "I am only too glad to give my statement for publication, so that others may be cured of this terrible kidney complaint. Do not experiment any longer but use Morrow's Kid-ne-oids as I did. I had suffered two years with sharp, shooting pains in my back and kidneys. I had urinary disorder and was very nervous, but Kid-ne-oids cured it all." Alpha Cox, the druggist, sells Kid-ne-oids at fifty cents a box, six boxes for \$2.50. Take no substitute. Manufactured by John Morrow & Co., Chemists, Springfield, Ohio.

Chronic Nasal Catarrh poisons every breath that is drawn into the lungs. There is procurable from any druggist the remedy for the cure of this trouble. A small quantity of Ely's Cream Balm placed into the nostrils spreads over an inflamed and angry surface, relieving immediately the painful inflammation, cleanses, heals and cures. A cold in the head vanishes immediately. Sold by druggists or will be mailed for 50 cents by Ely Brothers, 56 Warren Street, New York.

Was With Dewey.

Frank Hunter, who ran an engine on the E. & R. for several years and who is known to everybody along the S. I. was one of the engineers on the Olympia, and was with Dewey at the first fight at Manila. He has been spending a few days at Westport, recently, and had several relics of the memorable fight with him. He hopes to get back in time to see finishing touches put on the insurgent army.—Bedford Mail.

Coughed 25 Years.

I suffered for 25 years with a cough and spent hundreds of dollars with doctors and for medicine to no avail until used Dr. Bell's Pine-Tar-Honey. The remedy makes weak lungs strong. It has saved my life.—J. B. Russell, Grantsburg.

An Important Question.

If your friends or neighbors are suffering from coughs, colds, sore throat, or any throat or lung disease (including consumption), ask them if they have ever used Otto's Cure. This famous German remedy is having a large sale here and is performing some wonderful cures of throat and lung diseases. No matter what other medicine has failed to do, try Otto's Cure. Large sizes 25c and 50c. Sold by all druggists.

K. of P. District Meeting.

Drink Grain-O.

After you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and taste like the finest grades of coffee and costs about 1/4 as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

Island Park Assembly.

Rome City, Ind., Feb. 20.—The executive board of Island Park assembly has just completed the programmes for their 21st annual Chatauqua next July and elected the following officers: President, Rev. L. J. Naftziger, Muncie, Ind.; superintendent, Dr. H. J. Becker, Dayton, O.; secretary, Rev. J. F. Snyder, Lagrange, Ind.; executive board, H. G. Cobb, W. A. Williams and M. F. Owen.

Took Arsenic.

Wabash, Ind., Feb. 20.—Annie Whiting, a young girl of this city expired Saturday from the effects of arsenic poisoning. She had taken the drug two days before while brooding over troubles, but her little brother saw her and called her relatives. Emetics were administered and she seemed to be improving. Saturday she fell to the floor unconscious and never revived.

Alleged Thief Captured.

New Castle, Ind., Feb. 20.—John Houghwood, wanted here for the alleged stealing of a lady's gold watch and disposing of it, was captured at Muncie last Saturday.
